

⚡ Spark INITIATIVE ⚡

Continuing its commitment to attract more visitors to Delaware County and the Western Catskills, the Catskill Revitalization Corporation's – Delaware & Ulster Railroad announces a major investment in the railroad's infrastructure and equipment of over \$100,000. We are calling the project the "Spark Initiative". The project is focused on preparing the

The #116 a 1948 switch engine that once was operated by the legendary New York, Ontario & Western Railroad along their rails in the Catskills will be restored and repainted as a tribute to this classic railroad.

railroad become a larger resource to support the growth of the tourism industry in Delaware County, the Western Catskill and along the Catskill Scenic By-way.

Key Objectives of the project include:

- Re-constructing a new main-line switch at Halcottsville, which is already nearing completion and will be ready this month for operation
- Accepting the donation from CSX Transportation and shipping of a former Chesapeake & Ohio "Wide Vision" caboose to the railroad at Arkville, New York
- Upgrading the kitchen on the Rip Van Winkle Flyer to better serve our passengers aboard our classic 1940's streamliner, and grow our motor coach charter business.
- Further improvements to our radio communication system with the installation of a repeater on our Delaware Sub-division and adding more radios to our system.
